

PROPOSAL for FUTURE REFERENDUM FOR YUKON

In case you are not aware, it is my understanding that following training by the Yukon Citizens Assembly on Electoral Reform, Yukon voters are to vote in a referendum between the Ranked- Ballot system and the First-Past -the-Post system. NEITHER OF THESE TWO SYSTEMS HAVE PROPORTIONALITY FOR INCLUSIVENESS. I am confident that most voters will prefer discussing any concerns or suggestions that they may have with someone their vote elected. With the PRP2 system, all voters can almost be assured of that.

WHAT CAN YOU DO FOR MORE TRULY REPRESENTATIVE DEMOCRACY AND COLLABORATIVE GOVERNANCE?

REQUEST YUKON'S GOVERNMENT AND YOUR MLA TO ESTABLISH A PREFERENTIAL BALLOT FOR YOUR CHOICE OF ELECTORAL SYSTEM BETWEEN:

1. RANKED BALLOT
2. PREFERENTIAL RIDINGS WITH SECOND-CHOICE VOTE
3. FIRST PAST THE POST

At this time, it is my understanding that following public education, a referendum is planned for a choice between only RANKED BALLOT and our present FIRST-PAST-THE-POST. Neither of these two systems have proportional representation.

For future generations and ourselves, will you please discuss this with a friend and express concern to the Yukon Government and your own MLA?
